eC-stencil-mate – SAFETY INSTRUCTIONS

Read these instructions carelfully before using your eC-stencil-mate.
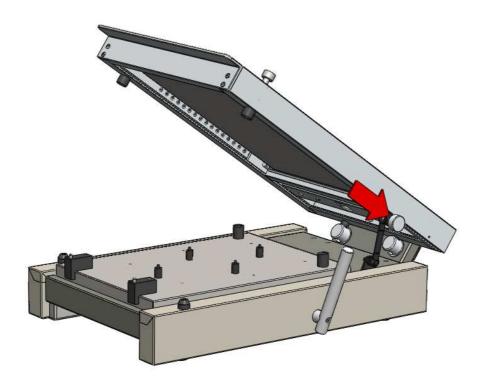

Operation
ONLY use the eC-stencil-mate for solder paste printing onto Printed Circuit Boards. The use of the eC-stencil-mate for any other purpose can lead to serious damage to the machine or to its environment.

Any unauthorized dismantling, repair attempts or misuse of the eC-stencil-mate will automatically invalidate the warranty. We accept no liability for any damage of any sort caused by the incorrect use of the eC-stencil-mate or by failure to follow these safety instructions.

eC-stencil-mate is constructed according to the European CE regulations.

Using the eC-stencil-mate
- **DO NOT PUT YOUR HANDS UNDER THE OPEN FRAME WITHOUT SECURING THE FRAME WITH SAFETY KNOB ON THE RIGHT HAND SIDE OF THE MACHINE.**

- **DO NOT** allow kids access to or near the printer.

Cleaning the eC-stencil-mate
- **DO** use only soft clothes and a non-aggressive detergent to clean the printer.
- **DO NOT** use cleaning solvent or sprays.
- **DO** clean the stencil only after you have removed it from the eC-stencil-mate.
